Collaborate

Coordination

- **Coordination** is the process of organizing people or groups so that they work together properly and well.

Cooperation

- **Cooperation** is accomplished by the division of labour among participants in an activity, so each person is responsible for solving a portion of the problem.

Collaboration

“Partner”

What’s the second thing you think of?

Howdy Pardner

Pardner

- Your 'Pardner' was closer and more **trusted** than a relative. Pardners depended upon each other in tough situations.
- A pardner earned your **respect** by sharing both the gold strike and the hungry winter in a cold cabin. Should the herd stampede pardners were right there, rounding up strays.

Trust =

- **Belief** that someone or something is reliable, good, honest, effective, etc.

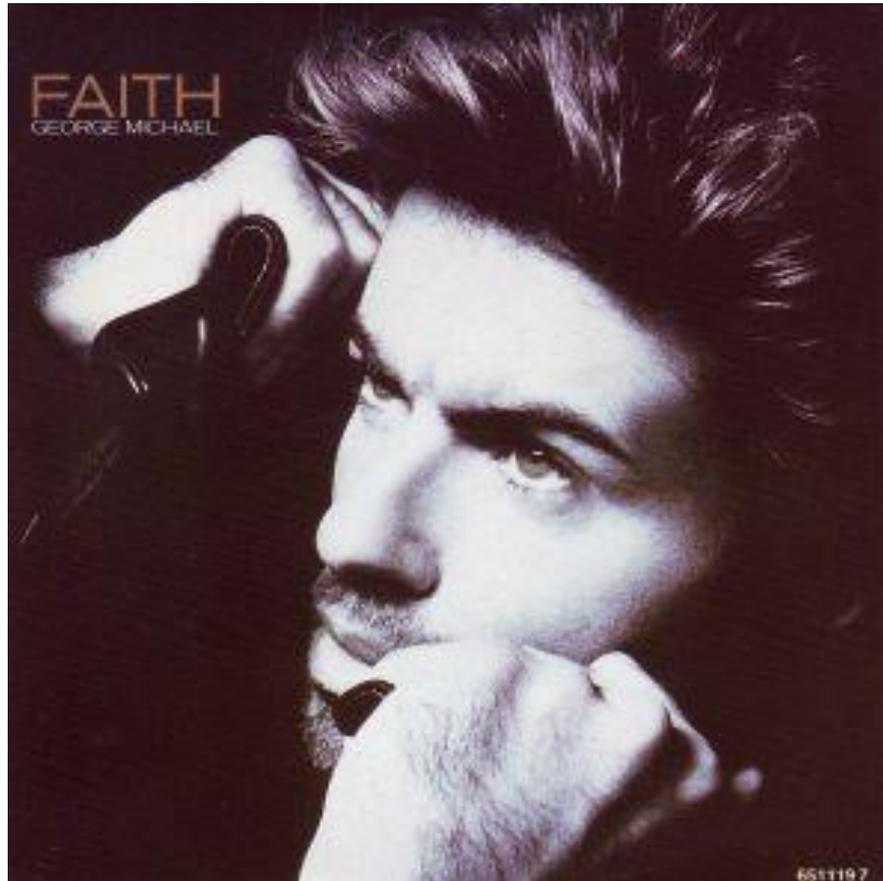

Believe!

I know that I'll get through this
'Cause I know that I am strong

Trust =

- **Faith**, assurance, confidence in someone or something

'Cause I gotta have faith, faith
'Cause I gotta have faith, faith, faith

Respect

- Admire (someone or something) deeply, as a result of their abilities, qualities, or achievements.
- Are we just bringing partners to the table, or are we **respecting** everyone's time and contribution — giving them credit and ownership?
