

# Amazing Adaptations Hunt

## Find a plant that ...

- Has seeds that are spread by the wind
- Has spines, hair, or thorns on its stem or leaves
- Has sticky or hairy seeds or stems that could stick to your clothing (test it out!)
- Has a seed or fruit that might be eaten or stored by an animal
- Has colourful flowers
- Smells good (maybe it attracts pollinators?)
- Smells terrible (maybe it is toxic to herbivores?)
- Is growing on rocky or dry, sandy ground or near paved areas
- Doesn't have any signs of animals/insects having munched on it
- Is surrounded by plants of the same type
- Is shading another plant
- Has large leaves

# Amazing Adapatation Hunt

**Three things I noticed were ...**

- 1.
- 2.
- 3.

**Two things I wonder about ...**

- 1.
- 2.

**Make a sketch of something interesting that you saw**
